To create a custom set of questions – follow the steps below. Also remember there are more practice questions available from Access Medicine – Study Tools:

1. Register to use USMLE easy and login
2. Select from Step 1, Step 2 CK or Step 3
3. Then, start practice
Select the option “Create your own quiz”

1. The “Create your own quiz” option will allow you to build a quiz based on questions by “Disciplines” or “Organ Systems”
2. Scroll down within that box to see the options under each tab
